FLEXIBLE OFFICE SPACES

WORK CONNECT GROW

Dear solopreneurs, entrepreneurs and SMEs. Are you searching for more than a desk, more than a postal address and a phone line?

More than a car park and a coffee machine? A place to work freely, feel part of a community and a place to be inspired to grow? Then welcome to **Hive...**

MUCH MORE THAN JUST 'THE OFFICE'

Let's look beyond "modern workspace for hire". Let's talk about a community of like minded go-getters sharing a fresh and light hearted environment, purpose built to encourage networking whilst also providing essential privacy. Let's talk about the great conversations you'll have over GREAT coffee made by a Barista that knows your name!

EACH HIVE SPACE HAS BEEN UNIQUELY DESIGNED WITH YOU IN MIND

We went further than workspace necessities to ensure that your space gives you the privacy and solitude you need but with your community only a few steps away.

Flooded with natural light but not a glass wall in sight, each space feels light, fresh and innovative.

We have custom built a space for every size of business, from solo businesses, to SMEs.

Our aim is simple, create a great environment conducive to great people and great business. Let us take care of you and you take care of business.

UNIQUE FACILITIES

Hive is connected in every way possible to Cinnabar, a vibrant, bustling venue where people come to enjoy time together.

As a Hive client you can enjoy direct access to the venue and its facilities.

Whether breakfast or lunch meeting with your team / client? Perhaps a buffet served in the meeting room? Maybe its after-work drinks, hospitality meetings or even hire of the Cinnabar private function room for an event? Or simply enjoying lunch and some time out away from your desk... Our unique offices offer it all.

You can choose to use the Cinnabar facilities as much or as little as you prefer and we pride ourselves on the service and care you and your clients will receive.
